Jarana model dress for dancing, in one piece, made in silk-like fabric. The inside of the dress has lining until the hips in order to make it more comfortable and feel pleasant when it touches one's skin. The dress' closure is in the back. The bottom (skirt part) has two 20 cms 'ida y vuelta' flounces, which means that a single ruffle (which starts off at the hips) spirals its way down the skirt. The dress is made of a plain, woven, lightweight, sheer and airy silk-like fabric, and made of 100% polyester, especially done for dance.
