

○ Flamenco Percussion Box (box-drum) By Mario Cortes. Mod. Black & White

202.48 €
220.59 USD

Handmade semi hexagon flamenco percussion box Black and White model by Mario Cortés. It is completely made in phenolic finnish birch wood of 9mm.

Mario Cortes has invented this percussion box as all the internal system as well the designs painted on the soundboard. It is unique in the world.

This percussion box has 6 strings attached to the double treble tuning systems plus the bass system. Inside it has a bass board to extend the sound longest. He also has four bells. It has an amazing sound thanks to its hexagon design.

Measures: 50cm lenght X 31.5cm wide X 31.5cm depth
