

○ Cajón Flamenco Mario Cortés. Kevin Ricard Model

150.00 €

162.9 USD

Cajón flamenco Kevin model is 100% made of finnish birch wood and has a double tuning system with three rattles, resonance bourdon and the new system of low pitch tuning. His resonance lid is made of italian sheet leiris of 3 mm perfectly adapted, which provides a great sound and a perfect low pitch thanks to the hexagonal shape of this new design.
