Flamenco Costume. Esperanza Model.

The costumes of Mari Cruz Creations for this season 2013-2014 cause a sensation for their design, colours, fabrics and style.

These flamenco costumes have a close-fitting style that stand out the figure and show a svelte build. Their frills in the sleeves are big and give a lot of movement.

Mari Cruz is pioneer in flamenco fashion design and commercialisation in Sevilla.

Mari Cruz Creations has an ample experience, almost 50 years. This year her collection is inspired by her career that started in 1962.

All costumes are made in Spain, they are made in Sevilla. All Mari Cruz designs are handmade and their production takes 30 business days.
