CORRECT WAY TO PRESERVE THE SHAWLS:

1.- Washing:

Never wash at home, always at dry cleaner's.

If you see a little mark, rub it with soap with a rag below the shawl.

Then iron the shawl.

2.- Ironing:

Iron the shawl the wrong way round with vapour iron, to enhance the embroidery.

3.- Preservation:

Hang your new shawl on a hanger, recover it with a cover and keep it from the light in your wardrobe.
