Happy Dance has designed a large catalogue of skirts for flamenco dance with very original and elegant designs. These skirts are very comfortable because they are made of a smooth fabric specially treated to obtain a touch similar to silk. This material is polyester, and the fabric is called "punto de seda" or aerial silk. This fabric gives a spectacular movement to the skirt at the moment of dancing. These skirts are just perfect for the training of flamenco dance or on stage. With these skirts, you will always feel like dancing. They're entirely made in Spain.

The quality-price ratio is excellent.
