47.93 €

52.06 USD

You are going to make the path to go to the village of El Rocío, and your *rociero* look includes a pair of trousers and very beautiful *campero* boots, but you realize there is a missing detail. You want to be original and you do not want to carry the usual bag of El Rocío. This **fuchsia backpack** is made of fabric but it also has backstitches. You can wear it hanging on your shoulder or you can open its zipped strap which divides into two, so it becomes a regular backpack you can carry on both shoulders. It is also perfect for your urban look.

Made in Spain.

Measures: 27cm x 31cm x 14cm
