Felipe Conde Strings 870 Flamenco Nylon, Medium Tension

String set classic guitar/ flamenco guitar.

Tipple: New formula Clear Nylon

Low: silver-plating Gimped Yarn

Traditional Normal Tension (Normal Tension)

The concert top string is created for the flamenco guitar. Since 1915. Digital processing.

A string is a vibratory element that gives the origin of the sound in the string musical instruments, as the guitar.

The guitar's strings are segments formed by a flexible material that stay in tension, in this way, they can vibrate freely, without causing a distortion of the coustic wave.
