When Christmas looms in the malls or in store windows, we know that it's time to decorate our home with Christmas items. So it's time to put the tree and decorate it with Christmas balls.

We present a Christmas ball decorated with pictures of Santa Claus with lots of colors and a design inspired by the mosaic art of great architect Gaudi.

Barcino uses the Gaudi technique to obtain a nice colors to create this Christmas ball. It is a spectacular figure with glazed ceramic that Barcino uses to offer bright colors and to show maximum effect shine with the light.
