

Didactic book. Flamenco piano 2. Tango by Lola Fernández

24.04 €

25.81 USD

This second volume of the Flamenco on the Piano collection focuses on Tangos, a style that combines musical features of the most "jondo" music with those of other more extroverted flamenco styles.

Flamenco Piano is a method devised to teach pianists how to play flamenco . It provides not only pianists but also composers, theorists and musicians in general with an in-depth study of the rhythm, harmony, melody and form structures of every flamenco palo and shows how these are practically applied to the piano . In addition to scores for learning and playing traditional flamenco, this innovative teaching material also includes tips on flamenco improvising, composing and fusion.
