This book and CD are made for all aficionados of flamenco guitar and for guitarists of any other style who enjoy variety in their musical sources. They present ten pieces composed and recorded in the traditional forms of flamenco music, written in notation and tablature. The author explains the form and characteristics of each piece in introductory notes, helping the player understand the differences between an Alegrías, and a Soleares, or among any of the traditional flamenco forms. The demonstration recording will give players an example of the interpretation of the pieces. These pieces capture the energy, technical prowess, grace, and depth of feeling that give flamenco music its unique magic.
