

Flamenco portraits. Paco Sánchez

32.02 €
34.64 USD

Book made by the excellent photographer Paco Sánchez. This serie of portraits has been realized all along the years, there are portraits of famous figures of contemporary flamenco and who made alive the book of the same name. he had the chance to bring together the biggest artists and the ones who are still fighting to show their talent. This collection has more than 200 pictures of sing, dance and guitar artists, who posed in front of his camara with simplicity. And they didn't do it in studio or set but having a break in their work, before or after their show. The most of them were getting ready to go on the stage or to go out from it. They used as a stage their dressing room, waiting room or corridors. The collection includes as well some famous people who passed away shots. Pictures collection of the most famous contemporaneous flamenco artist. 24 x 24cm. 223 pages. 215 pictures in black and white.
