We have a large catalogue of Campero suits. A short suit is the typical Spanish Campero suit that men used to wear in the past to work the land. These suits are worn during bullfighting festivals, "tentaderos", by riding amateurs. Traditionally, this suit was worn on charity festivals and bullfights. These corridas do not profit to bullfighters since all the money goes to charities. Nowadays, this suit is worn in countless Spanish fairs (most of all in Andalusia) and bullfighting festivals.
