

FLAMENCA AND GYPSY GUITAR, VOL 1, CD "por arriba" JOSE FUENTE

18.75 €

20.37 USD

Three chapters dedicated to the "por arriba" style, that is to say to the MI mode flamenco (respectively tango, solea and rumba).

You will discover in this work:

- A description of the main right techniques proper to flamenca guitar (compás, llamadas, falsetas, remates, etc) with recommendations to work effectively

Several examples showing the way to control the complex measures through the right hand techniques (rhythmic control) and the left hand position (melody and harmony control)

- Traditional falseta analysis that will allow you to create and to change your own falsetas.

The CD contains a lot of music examples of the method to make easier the comprehension and the assimilation.
