'**Dos lágrimas**' is the second part of the famous CD "Lágrimas Negras". In this second album the cuban pianist Guillermo Rubalcana take the place of Bebo Valdés.

This new album contains a mix between flamenco music and boleros, chachacha, copla and tango. This CD offers new songs versions as "Dos Gardenias" and "Compromiso" by Antonio Machin, or some coplas as "Maria de la O" by Rafael de Leon and "Dos cruces" by Antonio Molina. One of the album's surprise is "Caruso" by Paco Dalla, a fabulous half-cast tango.
