

Barcelona. Multimedia Postcard. Dvd

10.00 €
10.79 USD

The calls "**postal multimedia**" actually are DVDs. and/or CDs with multimedia content on the city or the zone which are presenting. The DVD is totally interactive, simple, useful, original, addictive,... Simply the DVD is incrustated in a postcard we can send by post.

In reality, it's about a material of double use. We have specific content for PC and/ or MAC, and other about different content for the copying of the DVD for Television.

All the photographs (between 800 and more than 1500 per edition, of high resolution) are made for professional photographers, except those who have been handed over by the entities which are presenting and which in certain cases do not let taking photographs in the buildings.

The videos are made in situ, in the dynamic way. With this, the user has the feeling to be taken directly part. The texts are written by professional of tourism, teaching, history, etc... and the translations by qualified translators.

The section of video of the DVD includes 4 videos recorded around **Barcelona**: Tour Gaudí, Tour Las Ramblas, Tour de la Fuente Mágica and la Tour de la Tradición.

The duration of the section of video content in the DVD is **25 minutes**.

The section multimedia of the DVD of Barcelona, reproducible in the PC and/or MAC, includes the following:

- **Introductory video**
- **Selection of languages** - we can choose amongst English, German, Catalan, French, Spanish and Croatian.
