'En Familia' is a live recording in the Sonoland studios on April 15th and 16th 2002. It is a kind of compilation that includes their best known hits, the ones that the audiences ask for during their concerts, and the ones that the band members prefer. It also includes two new songs, 'Si no Existo' and 'En este Amanecer'. This Dvd version includes images from the album's recording session in the Sonoland studios. The band from Jerez selects its most successful singles of albums such as 'Comtratiempo' (1996) and 'Desde mi azotea' (1998), reflection of a musical style that mixes pop, rock, flamenco and blues.
