**Lola Flores** was a genius, with a strong temperament and a big heart. She was a great dancer but she also was a good singer, interpret and tv announcer. Her singing was light, she loved the light styles as the tanguillos, [sevillanas](#), zambras, rumbas, etc. She also interpreted other kind of music as American rythmes like pasodoble and tje Andalusian [copla](#).

Best of including the greatest hits of **Lola Flores**: La Zarzamora, Ay!, Pena, penita, pena and many more.
