9. A mi Sara
10. La fragua

Antonio Suárez Salazar 'Guadiana' is the brother of Ramón El Portugués and the nephew of the great 'Porrina de Badajoz'. After a brilliant career as a flamenco singer specialised in accompanying dance, at the peak of his artistic maturity, Guadiana decided to make a reording on his own, contributing his very personal and valuable way of understanding traditional flamenco singing. This is his second record for Nuevos Medios following the success of 'Cuando el rio suena'.
