The Spanish white veil is always perfect for the most important events like bullfight, weddings or Easter Monday celebrations.

This Veil is special because it is made with the famous Leavers loom. A Centuries-old tradition.

The Leavers loom was established in 1857 originally dedicated to the manufacture of the hand made laces and veils, the factory named "Hijos de Casimiro Volart" was acquired in 1895. The first Leavers looms were installed in Spain.

Nowadays there are approximately 1000 Leavers looms around the world and they are the authentic heirs of the handmade laces.

Thanks to its beauty and shape is distinctive. It has a gorgeous hexagon tulle called "crevecoeur".
